

Design Your Own Kit

Wearing a kit is an important part of team sports. It helps the other players on the team identify you, shows what team you are playing for and builds team spirit! Have a go at designing your own kit for any team sport you like, it could be football, rugby or even quidditch.

Think about the colours, team badge, adding your name, and a number.

We would love to see your design! Upload it to Instagram and tag us at @Hartpury #HartpuryFamily
